

GEN III-VVT

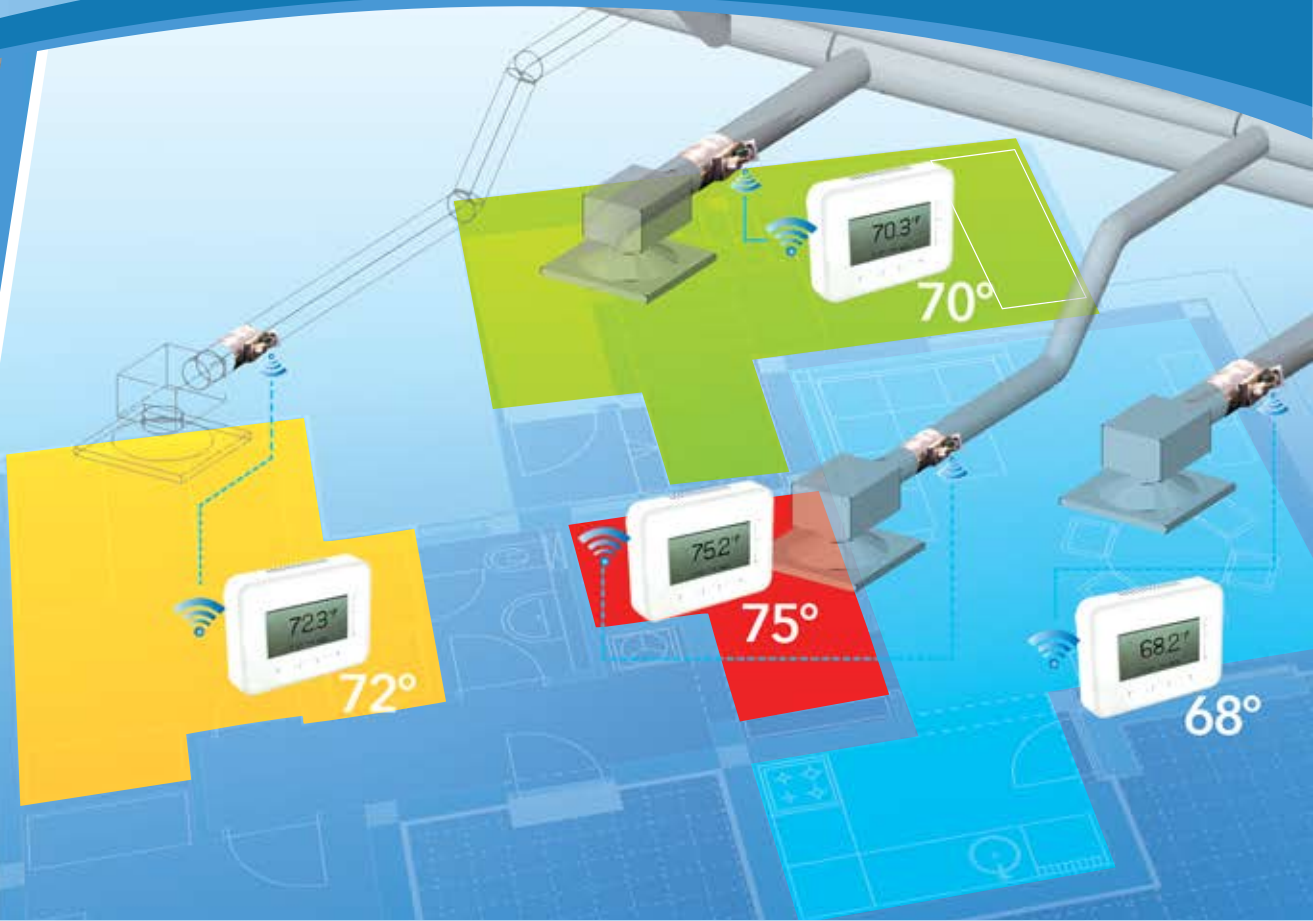

VOTE BASED AUTO CHANGEOVER BYPASS VAV WITH WIRELESS THERMOSTATS

A Modulating Control System

NOBODY DOES LIGHT COMMERCIAL VVT LIKE ZONEX

Control
up to **20**
modulating
VVT
dampers
with
wireless
thermostats

EASIEST INSTALLATION YET

1-24V 40 VA transformer powers all dampers in the system. You simply daisy chain 24V and 2 wire unshielded twisted pair RS 485 communications loop from damper to damper with no home runs.

WOW - With Out Wires

Quoting labor on your controls jobs has never been easier without thermostat wiring using our new SIMPLIFIED VVT controls
